

SECTION 07710 - MANUFACTURED ROOF SPECIALTIES

A. SUMMARY

1. Roof Specialties:
 - a. Copings.
 - b. Fasciae.
 - c. Gravel stops.
 - d. Gutters and downspouts.
 - e. Reglets.
 - f. Counterflashing.

B. QUALITY ASSURANCE

1. FM Wind Zone: [1] [2] [3].

C. MATERIALS

1. Copings: [Extruded aluminum] [Formed-aluminum sheet] [Coil-coated galvanized steel sheet].
2. Fasciae:
 - a. Scuppers: [Overflow] [Spill out] [Downspout].
 - b. Components: [Extruded aluminum] [Formed aluminum] [Coil-coated galvanized steel sheet].
3. Gravel Stops:
 - a. Scuppers: [Overflow] [Spill out] [Downspout].
 - b. Material: [Extruded aluminum] [Formed aluminum] [Coil-coated galvanized steel sheet].
4. Gutters and Downspouts:
 - a. [Downspout starters] [Flow-through gravel stop] [Leaf guard].
 - b. Material: [Extruded aluminum] [Formed aluminum] [Coil-coated galvanized steel sheet].
5. Reglets:
 - a. Type: [Surface mounted] [Stucco] [Concrete] [Masonry].
 - b. Material: [Stainless-steel] [Copper] [Aluminum] [Galvanized steel] [Coil-coated galvanized steel] sheet.
6. Counterflashing: [Stainless-steel] [Copper] [Aluminum] [Galvanized steel] [Coil-coated

galvanized steel] sheet.

7. Finishes:

- a. Aluminum: [**Class II, clear anodic**] [**Class I, clear anodic**] [**Class II, color anodic**] [**Class I, color anodic**] [**High-performance organic coating**].
- b. Coil-Coated Galvanized Steel Sheet: Fluoropolymer two-coat coating.
- c. Galvanized Steel Sheet: [**Factory priming for field painting**] [**Baked enamel**].
